Subject: Response to July 19, 2011 Notice of Activity; Kennecott Utah Copper (KUC);
Bingham Canyon Mine; M/035/0002; Salt Lake County, Utah

Dear Mr. Payne:

The Division of Oil, Gas and Mining has received your Notice of Activity on July 19, 2011, for the Lark Parking Facility. Please re-submit using form MR-REV, so the amendment can be included into the Notice of Intention to Commence Large Mining Operations (NOI). Please address the following questions:

1. Clarify if the disturbed area on the map includes the right of way of U-111 in the 45 acres of the disturbance noted in the correspondence.
2. Please add a map/figure number to the drawing, which would be consistent with the NOI.

The Division suggests that you add relevant notes from the correspondence to the figure as notes to avoid changing text of the NOI. If you have any further questions please do not hesitate to call. Thank you for keeping the plan current.

Sincerely,

Paul B. Baker
Minerals Program Manager
